What My Clients are saying:

[Create a Twenty Five Million Dollar Cash Machine](#)

Dike has helped me to realize what only several months ago was a dream. Had I stayed on the path I was on, prior to coaching, I might still be figuring out how to get where I want to go. I have aggressively put Dike's coaching into action. The tangible results are substantial: In just the last six months I have generated in excess of \$150,000. My passive income stream - which was at zero when I started coaching - will surpass my goal of \$20,000 per month in the first quarter of this year. I have created a real estate money machine that will generate over \$25M for me personally in the next 24-36 months."

[Quit Your \\$100,000/yr J.O.B. Because You Make More in Your Own Business](#)

I wanted to take a minute to thank you for the incredible impact you've had on my success. When I signed up in your coaching program, I was making about \$60,000 in my sales position. Not too bad for a guy recently out of college, but nowhere near where I wanted to be. I had dreams of getting into real estate investing but my lack of action kept me on the sidelines.

Fast forward two and a half years. Through your guidance, support and encouragement, I was able to break the \$100,000 income mark in my sales position in 2005. So I did what any other person would do....I QUIT!!!

Why did I quit? Well, I happened to also make over \$120,000 in cash and an additional \$145,000 in equity investing in real estate.....PART TIME. My income and net worth has skyrocketed. Now that I've formed a full time, real estate investing COMPANY, my goal is to make \$500,000 in cash and equity in 2006 and be a millionaire before I turn 30 in 2007.

Thanks again Dike for helping me break through my financial goals. I couldn't have done it without you.

Sincerely, **Mike Sumsky**

[Success Your Way](#)

Dike helped me step up to the plate. I have been able to develop myself as a business owner, and develop my business further while honoring my character, my values and my own nature.

He was able to relate to me in a way that helped me discover my own definition of success and move toward it; something that I was hesitant to do previously. I feel completely confident in recommending Dike to others.

[Become a Much Better Leader](#)

As the year draws to a close, I want to take the opportunity to express my satisfaction with the 10 months of professional management coaching we went through this year.

Although the list of things learned is long, the single most significant lesson was how my personal management style was holding back the company.

My habits of providing “the” answer to every problem, making all final decisions and always being at the center of activity stifled the growth of other members of our management team. Change does not come easy but I now work every day at encouraging others to solve the problems, assume responsibility and make the decisions.

My goal is to become completely unnecessary to the ongoing operation of the company. With the insights and tools acquired from our sessions, I intend to achieve it.

Many thanks and best personal regards,

Richard Watkins

Here's How You Can Get Started:

The first step is packed with value and totally FREE

You and I spend ninety minutes on the phone discussing your Goals - Exactly what you want Now – and perform an honest evaluation of where you sit Now with respect to those Goals.

After this Intake Call we can hone in on the exact Leverage Points that allow you to reach your Goals in the quickest way possible. We chunk them down in to weekly action plans and I follow up with you as regular as clockwork to keep you on task.

How Coaching Works:

CALLS:

We meet by phone for a one hour call once a week for the first three weeks of each month. The calls are laser focused on goal setting, brainstorming, prioritizing, action planning and dealing with any blocks to reaching your goals.

You are in charge of where we focus.

Business, Career Change, Wealth Building, Life Balance, Time Management ... you decide what is most important.

At the end of each Coaching Call you will have a detailed action plan for the coming week. Each subsequent call starts with a celebration of your accomplishments and then gets back to keeping you focused on making powerful progress toward your goals.

SUPPORT:

All coaching programs also include:

- **Unlimited E-mail support between calls** – when you have a question, shoot me an E-mail.
- **2 “Laser Coaching” sessions per month** – this is a quick hit of 5 – 10 minutes of phone coaching when you want to get my input between calls.
- **One “Bracket Coaching” session per month** – this is 5 minutes of Phone coaching before and after a significant event. The coaching “brackets” the event.

MY UNCONDITIONAL MONEY BACK GUARANTEE

All coaching programs are totally risk free. If you are not satisfied with your progress toward your top three goals at any time in our coaching, just say the word and I will gladly refund your monthly coaching fee, no questions asked.

I offer my services in this fashion because I am dedicated to helping people bring their Passion and Talents to the world in a BIG way – and make a good living doing it.

You are ready to move to a higher level right now. Give me a call and let's make that happen.

P. S. If you've read this far, you know you would like this kind of support ... and yet you aren't picking up the phone to call me ... ask yourself this...

What is the reason your mind is giving for not making the call?

Whatever your answer is ...this same issue - not enough money, not enough time, whatever that little voice in your head is giving you as an excuse - this very same issue is holding you back in other areas of your life as well. I guarantee it.

Here's your first challenge ... **Give me a call today ... in spite of that little voice ...** You must take different actions if you expect different results. Let's get started.

A no obligation phone call, a great conversation and Guaranteed Coaching are waiting...
